Pastors Bill and Ester Illnisky interview Ralph Stores, President of Greater Maimi Homestead Chapters of the American Family Association. Stores explains that this eight to ten billion dollar industry of pornography is illegal. He explains the two facets of pornography their dangers, and how it is an addiction that requires more and more each time in order to be satisified, leading eventually to incest, rape, and murder. He says that Ted Bundy said that without exception people he knew in prison were involved in hard core pornography of one form or another. He explains that the purpose of their organization is to educate the public as to the destructive nature of pornography, to enact ordinances to prevent the concentration of sexually oriented businesses in our community and to enforce the laws. He says that he can speak anywhere about this.

Ralph Diaz and his wife, Joanna, interview Barbara Hattemer, President of the Florida Coalition for Clean Cable. Hattemer makes us aware of how prevalent and available pornography and obscenity is in today's society. Peep shows, sattelite movies, Playboy Channel, ecstasey channel, strip joints, and the list goes on. Children making copies of Penthouse magazine. A great civilization falling from moral decay. Hattemer explains how we can combat this outrage. First find out what the laws are, get people behind you, picket the FCC, send letters to FCC, contact senators, local, state, national, White House opinion line, vote, call legislators, call talk shows, write letters to editors. In this country, she concludes, people get what they ask for.

In another segment of this program, Ralph Diaz interviews Attorney Jack Thompson. In his work, Thompson has come face to face with the horror of sexual abuse. He says that there is indeed a close connection between pornography and sexual abuse. The interview with Ted Bundy, he adds, would convince anyone that pornography results in various types of abuses both physical and sexual. America is awakening to a nightmare. He mentions 2 Live Crew, boasting about their earlier album being even more obscene than their next album which described sexual deviant acts. Thompson encourages us to contact the FCC who have indicated a willingness to act to make America safe for children. Contact your state attorney. He gives phone numbers to help us get started.
